

### **AVYSL Tiered Program Letter Of Respect**

As members and participants of the Almaden Valley Youth Soccer (AVYSL) Tiered Program, certain expectations are to be met regarding proper conduct, etiquette and behavior at games and team events. It is important that we show “Respect” to everybody we come into contact with, from our teammates and families, to the officials who control our games. It is our responsibility to create a positive environment that allows our children to enjoy playing soccer and be successful. In order to achieve this, everybody involved has a part to play and their behaviors will affect everybody’s experience.

While participating in soccer activities this year, please refrain from:

- Shouting at officials;
- Coaching from the sidelines;
- Talking negatively about the coaching staff and team;
- Publicly voicing negative opinions about the program;
- Acting inappropriately at games and practices.

Please note, individuals who decide to behave in the above referenced manner may be asked to leave the program along with their child.

We would like all parents to be positive role models for our players and let them experience and play the game of soccer. We are not there to form opinions for them but yet to support, encourage and watch them develop as soccer players.

By signing this, I understand that I have a positive role to play in the children’s development and enjoyment of soccer. I also understand that I might be asked to leave the program if my behavior negatively impacts the program.
