

AVYSL League Seasonal Assistant

During the year, there are certain league leadership roles which are focused on a particular program or event, and therefore are of limited duration. Performing one of these roles will satisfy your family's league volunteer service for the year. These roles include

- Overseeing field re-lining volunteers, confirming field schedules and completion of re-lining assignments
- Coordinating Fall Recreation field marshals, collecting and recording FM forms
- Organizing volunteers for AVYSL Photo Day
- Organizing volunteers for the Almaden-hosted comp/select soccer tournaments
- Assisting league program directors in the administration of league activities

If you are interested in performing one of these roles, please select "League Seasonal Assistant" as a volunteer option during registration. Please be sure to also select "Hourly Volunteer" in the event you are not selected as a League Seasonal Assistant. You will be contacted by email to discuss which of the League Seasonal Assistant roles you are most interested in performing.
