

TECHNICAL TRAINING PROGRAM - Host A Coach

*[a complete A to Z package customized to your needs -
designed by you implemented by us.]*

CONGRATULATIONS! Your organization is bringing professional coaches from UK International Soccer Camps to assist in the development of your child and their coach. In order to keep the costs to the organization as low as possible we are implementing our 'Host A Coach' program in your community

Host families benefit by learning about the British way of life, it's cultural differences and enhancing their soccer education. The differences of our language and backgrounds, combined with the love of soccer ensure a memorable stay and long lasting friendships for everyone. Hosting can be anything from one coach for one week to multiple coaches for several weeks, even the entire duration of the program.

Our coaches are typically British men and women from the ages of 20 to 30 years of age. Most are college educated and are either playing semi professional soccer and / or have good experience coaching soccer.

Being a host family is a great way to assist your organization in working towards their goals of player and coach development.

What better way for you as a coach, parent, player or just a soccer fan to learn more about the game, the way to coach and have soccer coaches interacting with your family on a daily basis!

Expectations:

1. Suitable sleeping arrangements
2. Meals
3. Access to laundry and showering facilities
4. Any house rules or routines you would like the coach to adhere to

Not Required:

1. Transportation
2. Chaperoning / Entertainment
